

And Ginn Some Party Platform
Samuel Ginn College of Engineering

Name: Emma Kate Seckinger
Year: 02
Major: Mechanical Engineering
Qualifications:
College of Engineering Peer Advisor
Honors College Teaching Assistant

Platform:

I believe I would be a great senator because of my dedication to the College of Engineering and my passion for retention and improved communication within the college. I believe my experience as a peer advisor has exposed me to possible changes needed in order to keep incoming freshmen in the college throughout their 4 years here. I hope to use my position to hear all students' voices to help make the College of Engineering the best that it can be during my time at Auburn.

Name: Kate Preston
Year: 01
Major: Chemical Engineering
Qualifications:
Beat Bama Food Drive
Alternative Student Breaks

Platform:

My name is Kate Preston and I am running for the position of Senator for Auburn University's College of Engineering. I would be a strong Senator because of my heart for serving the Auburn community, specifically the College of Engineering, in every way that I can. I have been honored to participate in Beat Bama Food Drive and a trip with Alternative Student Breaks that has further shown me the importance of service to the Auburn Community. I would be honored to have the opportunity to serve my fellow Auburn students and work with them and other members of the College of Engineering.

Name: Cullen Bryant

Year: 02

Major: Aerospace Engineering

Qualifications:

Freshman Forum

Beat Bama Food Drive

Platform:

My name is Cullen Bryant and I am running for Senate in the College of Engineering this coming fall. As a recent transfer student, I understand the importance of having your vote count and will make it a priority to hear your voice and work in the best interest of all students. This academic year, I was honored to be accepted to Freshman Forum which enabled me to learn more about Student Government which will be useful if I were to be elected. Additionally, I have also dedicated my time to Beat Bama Food Drive where I was able to work with others to help the East Alabama community which has furthered my desire to serve those around me. I would love nothing more than the opportunity to continue to serve my friends and the Auburn Family.
