

Name: Stephen Sadie

Year: 03

Major: Finance

Qualifications:

SGA Director of Finance

SGA Student Affairs Chairman

Auburn Financial Management Association VP of Operations

Retirement Systems of Alabama Accounting Summer Analyst

Auburn Student Investment Fund Director

Platform: Auburn Family,

My name is Stephen Sadie, and it is my honor to run to be your next SGA Treasurer. The Auburn experience and family are unlike any other university because of our incredible student body. As a student, over the past three years, Auburn has become a place I am proud and confident to call home.

Because all students are members of Auburn's Student Government Association, "Sold on Sadie" is centered on utilizing and allocating SGA's budget to bring together students from all areas of campus to feel like their voices and financial needs are supported and heard. The foundational pillars of my campaign are:

Community

- Utilizing the reserve fund and student activity fee to open it to all student organizations on campus so that any group can apply to have their event or initiative financially sponsored by SGA.
 - This initiative seeks to promote students from all areas of campus to ensure they are confident in the Student Government Association's slogan of Serving and Promoting the individual student; unifying all that is Auburn.
- Outside of the Budget, the Treasurer also serves as an executive member for choosing goals for the entirety of Auburn's SGA. I hope to use my experience advocating for students as the Chairman of Student Affairs to:
 - Onboard new liaisons for organizations not represented in Cabinet and Senate to serve the entirety of campus
- Increase the amount of scholarship money available to students through Balfour Ring sales using funds that would otherwise be sent to the reserve fund.

Financial Literacy

- Auburn currently has a contract with Regions for financial literacy. If elected Treasurer, I would focus on continuing this contract and expanding it into the classroom.
 - I hope to work alongside fellow executive members and administration to create a 1-hour course credit available to all Auburn students to enroll in each major's core curriculum, further enhancing the hallmarks of Auburn graduates.

I firmly believe these are tangible, practical goals, that would enrich the lives and experience of Auburn students. I bring to the table a strong history and passion for serving this campus and hope to continue doing so in this role. I hope that you will be Sold on Sadie to turn this vision into a reality.

Thank you and War Eagle,

Stephen Sadie
