

Name: Caroline Cole

Year: 03

Majors: Political Science and Sociology

Qualifications: CLA Peer Advisor, Lobby Board Member

War Eagle! My name is Caroline Cole and I'm running with "Tichenor, I Hardly Know Her" for the College of Liberal Arts!

I believe it is truly important for each student at Auburn University to feel like their voices are heard by members of SGA. Representatives from each college on campus should strive to act upon the voices and concerns of their peers in order to make this college experience the best for all.

If elected, the Tichenor ticket has focused on three priorities: First, CLA senators should work to improve communication and the relationship between students, faculty, and SGA. Making communication easier through more office hours and social media would allow for students to feel as if their CLA senators were making a true effort to listen to their concerns.

Since CLA is home to the most majors on campus, there is often a disconnect between students and faculty. It is important to create a better relationship between SGA and those students who feel disconnected from CLA, Aviation and Music majors for example. Tichenor's relationship with Auburn's council will allow us to foster better opportunities for CLA students through Senate legislation.

Lastly, Tichenor is committed to working towards progression at an institutional level. Auburn and CLA need students in Senate who are willing to go beyond the status quo to make Auburn University the best it can be.

Name: Bailey Irvin

Year: 02

Major: Pre-Speech, Language, and Hearing Sciences and Spanish

Qualifications:

Kappa Delta Member

Director of Scholarship for Kappa Delta Sorority T-Shirt Committee for Kappa Delta Sorority Auburn Honors College Student

Platform:

My name is Bailey Irvin, and I am thrilled to be a part of “Tichenor, I Hardly Know Her” for Auburn’s College of Liberal Arts. The Student Government Association is an impactful organization for Auburn’s campus because representatives listen to the concerns of Auburn students to make the university the best it can be. As a senator for the CLA, I plan to listen to the students' ideas in my college to ensure their academic success and satisfaction.

If elected, the Tichenor Ticket has three main objectives as the voice for Auburn’s CLA. First, we wish to improve the communication between students, faculty, and other members of SGA. Senators utilizing office hours and social media platforms are two methods we plan to enforce interaction between CLA and SGA.

Auburn’s CLA has multiple differing majors, which causes a detachment between students and faculty. The Tichenor Ticket plans to enforce relationships between the students and faculty members who feel a disconnection between themselves and the college to which they belong. Since Tichenor has a preexisting relationship with SGA, there are more opportunities to create legislation to improve this situation.

Lastly, Tichenor wants overall success for the entirety of Auburn’s campus, and this starts with giving power to student’s voices. Auburn’s SGA must consist of dedicated individuals who desire to improve Auburn’s atmosphere for students.

Name: Jake Yohn

Year: 02

Major: Political Science

Qualifications: SGA Senator, Former Lobby Board Member

War Damn Eagle! My name is Jake Yohn, and I am so excited to be running on the “Tichenor? I Hardly Know Her!” Ticket for the second year in a row. My time in Senate has been so rewarding and I want to continue to serve the Liberal Arts College to the best of my ability.

This past term, I’ve focused on writing legislation that works to improve the daily life of every student and improve the efficiency of our Student Government Association. I currently serve on the Code of Laws Committee, but I often work on all types of issues. I partnered with Auburn’s Student Veteran Association to highlight the great work they do, met with parking services to create a community service-based alternative for tickets, and am currently working on legislation focused on fixing the issue of housing on our campus.

I hope you will entrust me with another term as your senator so that I can continue to work for every Liberal Arts student, no matter their major. Thank you and War Eagle!

Name: Collin Scott

Year: 01

Platform:

My name is Collin Scott, I'm running to represent the College of Liberal Arts in Senate. I'm proud to be running with "Tichenor, I Hardly Know Her".

It is my firm belief that representatives in office should always operate in the best interest of the people they represent, not themselves, and not those above them. This is true in all levels of government, even SGA. If I was elected as senator, I feel that it would be my responsibility to work every day to improve the day-to-day experiences of the students in CLA and do whatever is best for them.

First and foremost, Tichenor would work to continue to improve SGA's transparency and visibility for students in CLA. Every student should be aware that they have students representing them in SGA and faculty supporting their academic success. Building these relationships is essential to our platform.

Secondly, Tichenor would work to foster unity between all majors that fall under CLA. I would work to bring in Music and pro flight majors and make them feel like the faculty and SGA are working for them while representing their unique needs.

Finally, Tichenor is committed to ensuring progress stays at the forefront of our priorities. Every day is an opportunity to improve the lives of the students we would be serving, and no day should go to waste. From larger overarching changes to small niche ones. Tichenor aims to leave CLA better than how we found it. WAR EAGLE!
