Year: 02

Major: Apparel Merchandising

Qualifications:

College of Human Sciences Student Ambassador

Chi Omega Alpha Beta Director of Philanthropy

Certified Student Leader from Auburn University Student Involvement

Apparel Merchandising and Design Association Member

Lee Scott Middle School WyldLife Leader

Platform: My platform “***Build with Brennan***”, is about the amazing relationships, experiences, and opportunities that are *built* within the College of Human Sciences and the continued growth the college is receiving. The College of Human Sciences provides many resources to students that aim in their personal and career development to help set them up for success. Along with the resources, the size of the College of Human Sciences allows for students to *build* relationships not only with other students but with professors, faculty and staff. CHS offers many opportunities that allow students to gain industry experience and connections to help aid in their careers. The community that has been *built* within CHS is more than a college, it is a family.

I am so lucky that I get to call the College of Human Sciences home, but it is not the place that makes it special, it is the people. With the excitement of the new building, Barbara Drummond Thorne Academic and Research Facility, being in the works, I think it is important to not only celebrate what is going to be *built* but also what has already been achieved within the College of Human Sciences family since 1916.

Having the opportunity to run for the College of Human Sciences president has offered me a deeper understanding, appreciation, and love for the college. I want to be able to give back to the College and the people who have done so much for me by helping to contribute, support, and *BUILD* the CHS legacy.
