Glomerata Greek Life Editor

**Platform:**

As an active member of the College of Architecture, Design, and Construction's student council and a Greek Life editor for the *Glomerata*, I have gained valuable experience in representing student voices and fostering collaboration within the CADC and our college as a whole. These roles have taught me the importance of leadership, organization, and communication. These are skills I will bring to the position of CADC Senator. With this opportunity, I will work to represent the unique perspectives of CADC students. I am committed to advocating for a brighter future for CADC students. As a senator I will strive to make the CADC a brighter place for every student to thrive.
