Year: 02

Major: Political Science

Qualifications:

Lambda Chi Alpha

Executive Committee (At-Large) -Lambda Chi Alpha

Assistant Director of Freshman Forum

Member of Freshman Forum (23-24)

War Eagle! We are the Extra Mile Ticket, and we have the privilege of running as your At-Large Senators in the 2025 SGA Minor Candidate Elections. I believe I would make a great At-Large Senator because I have the necessary skills and experience to be an effective leader and advocate for the student body. I am a highly organized and motivated individual who is passionate about making a positive impact on my peers. I have a strong sense of responsibility and am committed to representing the interests of the student body, and I have a proven track record of success in student government. For example, I have been actively involved in various student organizations such as SGA cabinet, which has allowed me to have a deep understanding of the issues that affect students, and I am committed to finding solutions that benefit the entire student body.

Our goal within the Extra Mile Ticket is to increase the transparency and approachability of the At-Large Senators and our role on campus. Through the achievement of this goal, the voices of the Auburn student body will be better heard and allow for more efficient communication and streamlining the process of getting the voices to the Senate Floor. In order to achieve this goal, we will do our part to have easily accessible office hours which will help students empower their voices, along with occasional tables on the concourse to encourage student outreach and make communicating with the senators more accessible. In this upcoming term, actively reaching out to students and asking them about the legislative process will familiarize students on how to bring forth their ideas allowing the student body to respect and understand the procedure, while simultaneously respecting and understanding each other. I believe in Auburn and love it!
