Nursing

Care Beyond the Classroom: Supporting you every step of the way

As Nursing students we can acknowledge how hard nursing can be. It is both physically and emotionally draining. That's why we are committed to supporting you every step of the way, both in and out of the classroom. With "Care Beyond the Classroom," we aim to strengthen our nursing community by hosting events that bring together pre-nursing and nursing students. These events will provide opportunities to receive valuable insights into clinical experiences, study tips, and self-care strategies. We'll also organize fun & rewarding activities to celebrate the hard work you put in throughout the semester. We hope you will choose to care on February 7th!
