**Year:** 03

**Major:** Agriculture Business & Economics

**Qualifications:**

College of Agriculture Ambassador

COA Council Student Relations Chair 2024-2025

COA New Students Orientation Leader

COA Student Recruitment Representative

Impact Volunteer

**Platform:**

My name is Lee Murray, and I have the honor to run as your 2025-2026 College of Agriculture Vice-President. My campaign is built entirely with the students in mind. I am running to ensure that your voices are heard, your needs are prioritized, and your college experience is enriched in meaningful ways. Every initiative I propose, and every effort I lead will focus on creating opportunities, addressing challenges, and fostering a supportive community where you can thrive academically, professionally, and personally. I have three key commitments throughout my campaign. These being advocacy, transparency, and collaboration.

Advocacy is the cornerstone of my platform. I am dedicated to representing the interests of all students by actively listening to your concerns and fostering initiatives that reflect your needs. I will ensure that your perspectives are at the forefront of every decision.

Transparency is essential for fostering trust and accountability. As Vice President, I will work to establish a more improved and refined solution to running our Ag Council meetings in order for students to stay informed about various updates throughout the COA, and beneficial programs and opportunities for the student body. I will advocate for regular updates on budgeting, policy changes, and initiatives, so you feel empowered and included in the progress of our college.

I also believe that collaboration with university staff is vital for achieving meaningful change. I will actively engage with faculty, administrators, and university leaders to develop solutions with the help of proposals and outreach from the student body who makes this college what it is. It is crucial that student voices are heard as they are integral to shaping the future of the College of Agriculture.

Together, we can build a stronger, more connected community where students and staff work hand in hand to advance our shared goals. Your trust and support mean everything, and I would be honored to serve as your Vice President.
