Assistant Director of Organizational Seating Program, *Student Government Association Cabinet*

Freshman Forum, *Student Government Association*

Member, *Phi Gamma Delta Alpha Upsilon*

Platform:

Auburn Family,

We're excited to share the Orange & Blue platform—a vision for Auburn rooted in tradition and dedicated to building a stronger, brighter future. As at-large candidates, we are committed to ensuring every student feels represented, and every voice is heard.

Strengthening the Auburn Family is a core part of our vision. We want to create exciting events that bring students together throughout the year. Imagine "Pumpkins on the Plains" in the fall, hot chocolate stands in winter, and springtime Easter egg hunts. These traditions will foster connections, build community, and remind us all why Auburn feels like home.

Our commitment to advancing Auburn's reputation as a leading public institution starts with celebrating what makes us exceptional. This includes promoting Auburn's renowned programs, groundbreaking research, and impressive out-of-state acceptance rates as well as advocating for the return of the classic academic logo. By highlighting these strengths, we can further establish Auburn as a powerhouse of academic and cultural excellence.

Auburn's campus is already beautiful, but we believe it can be even more inviting. With more vibrant landscaping or peaceful water features, we aim to create spaces for students to unwind and connect. We also want to see the holiday spirit brought to life on campus with festive décor that adds warmth and charm during the holiday season. Auburn should be a place where beauty and tradition meet at every corner.

The Orange & Blue platform honors Auburn's rich history while setting the stage for its future. With your support, we'll represent every student and make a meaningful impact.

War Eagle!

Hope, Winchester, Willis
